Simple, Streamlined Procurement

All products and services under the GSA Multiple Award Schedules Program are pre-negotiated with “ceiling” pricing, enabling you to negotiate pricing to meet your unique needs. Choose experienced contractors familiar with federal laws, policies, and regulations.

GSA also offers Blanket Purchase Agreements (BPAs) for customers with recurring needs. BPAs, which can be established in connection with any Schedule under GSA's Multiple Award Schedules Program, offer volume discounts and a faster buying process to minimize paperwork.

Online Resources:

eLibrary: eLibrary serves as a comprehensive online source for GSA Multiple Award Schedules. It allows users to search Schedules by contractor's name, contract number, Special Item Numbers (SINs), schedule number, or keyword for sources of supply. Its category structure makes it easy to find groups of vendors that can fulfill specific needs. eLibrary also displays schedule contract information and schedule details, provides easy access to specific contract terms and conditions, links to vendor catalogs and product lists in *GSA Advantage!*®.

eBuy: eBuy is an online Request for Quote tool for a wide range of commercial services and products that are offered by GSA. eBuy streamlines the solicitation process. It is used for posting solicitations, receiving quotes from GSA Multiple Award Schedules vendors, finding sources of supply, submitting responses and establishing and using Blanket Purchase Agreements. eBuy creates value by instant access to GSA Multiple Award Schedule vendors, paperless procurement from "cradle to grave," full compliance with Section 803 of the 2002 National Defense Authorization Act, real-time RFQ management, volume discounts, electronic award notification and debriefing, and best-value practices.

GSA Advantage!®: The federal government's premier online ordering system that provides access to thousands of contractors and millions of services and products. *GSA Advantage!*® offers instant online ordering; direct access to schedule vendors, specialized grouping of products and services; market research capabilities to compare features, prices, and delivery options; FAR compliant purchasing; and anytime access. It also provides customers with multiple payment options, online viewing of order status, keyword search capabilities, and browsing products by categories.
